

Water Wow!

By Paula Ayer, Antonia Banyard

Annick Press Ltd, Canada, 2016. Paperback. Book Condition: New. 280 x 216 mm. Language: English . Brand New Book. A colorful infographic look at the many surprising and fascinating facts about water. Where did water come from before it got to Earth? Why is the water you drink the same stuff that was around when dinosaurs were alive? If water can't be created or destroyed, how can we run out? Find out the answers to these and many more intriguing questions in this vibrant book, designed to appeal to visual learners. Dive in and discover why water is so important to different religious faith, amazing extreme lakes and rivers around the world, the surprising connection between water access and girls education worldwide, how climate change affects water, and vice versa -- and what you can do about it. Filled to the brim with colorful illustrations and diagrams, easy-to-understand infographics, and illuminating photos, Water Wow! is a dazzling and fun introduction to the importance of water in our lives.

Reviews

This pdf may be worth purchasing. This is for anyone who statte there was not a really worth reading. I found out this pdf from my i and dad encouraged this pdf to understand.

-- **Mrs. Annamae Raynor**

If you need to adding benefit, a must buy book. This really is for all who statte that there had not been a well worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.
